

## Cut and Sew Foam Bra-making Class

Once you've made a basic bra or two, it's time to turn your attention to exploring the world of Cut & Sew Foam. You can use this fabulous foam to line your cups for more modesty and for a smooth look under t-shirts and knit tops. We'll teach you the tricks to draft the pattern for both the foam and the cover and how to cover the cups with fabric or lace. Then you'll construct the bra in little differently than you are used to. Materials, foam and elastics for one bra are included for the class fee. Bring your well-fitting bra class to class as we use that to draft the pattern for this class.

Please call 905-538-1396 to register for this amazing class. Rental machines are available if you don't want to bring your own machine. Just let us know so we can have one set up for you.
